DURRANT®

## K-12 Expertise:

- Public and Private
- Early Education Centers
- Elementary Schools
- Middle Schools
- High Schools
- Alternative Schools
- Charter Schools

Grove Elementary School  
Greenville, South Carolina

At Durrant, we develop solutions that inspire our clients and students. We proactively deliver a full range of services with sensitivity, creativity, and seamless project delivery.

Regardless of your education project type, we can help. We can provide you with six areas of service:

- 1 Pre-Referendum Consulting
- 2 Facility Planning and Design
- 3 Development, Fundraising, and Financing
- 4 Architecture and Engineering Design
- 5 Construction Administration
- 6 Facility Management

Table Mound Elementary School  
Dubuque, Iowa

Our schools are safe havens where students open new doors.

# SHAPING OUR WORLD

Culture and environment shape the way we learn, inside the classroom and out. Durrant approaches educational design holistically, creating inspirational spaces for the exploration of history, science, art, music, theater, and athletics.

We've designed educational facilities from the U.S. heartland to the Pacific Rim. Regardless of your time zone, our project will be the pride of your community.

Marana High School  
Marana, Arizona

# DESIGN FOR DISCOVERY

Smart design is powerful. It can have a positive, profound, and lasting affect on your school and community.

At Durrant, we design for discovery. We apply capable design as a teaching tool to promote critical thinking skills. More than a place to learn, our educational facilities create positive experiences by providing opportunities for personal growth.

Perceptive design, safety, and efficiency are our goals.

Wade McClean Pool  
Marana, Arizona

Aspen Recreation Center  
Aspen, Colorado

## HEALTHY ENVIRONMENTS

History is important, but aging buildings shouldn't be part of the lesson plan. Outdated facilities can be inefficient and costly.

If you need an adaptable master plan your stakeholders can agree on, we'll give you great results that last long after the school bell rings. Durrant creates positive and healthy environments to boost the learning curve. You'll be happy and so will your students.

# TECHNOLOGY FOR LEARNING

Teachers and students from all levels are embracing technology. Experiential learning labs, wireless networks, multi-media capabilities, and flex-cameras are today's chalkboard and eraser.

Advanced audio equipment enables all students, not just the hearing impaired, to hear teacher instruction and assignments clearly. We'll recommend appropriate technology solutions that foster learning for students, even if they're sitting in the back of the classroom.

Technology complements every teaching and learning style.

General Myer Elementary School  
Ft. Huachuca, Arizona

See green with adaptable and natural building design.

Davey Jackson Elementary School  
Jackson, Wyoming

## BEYOND THE CLASSROOM

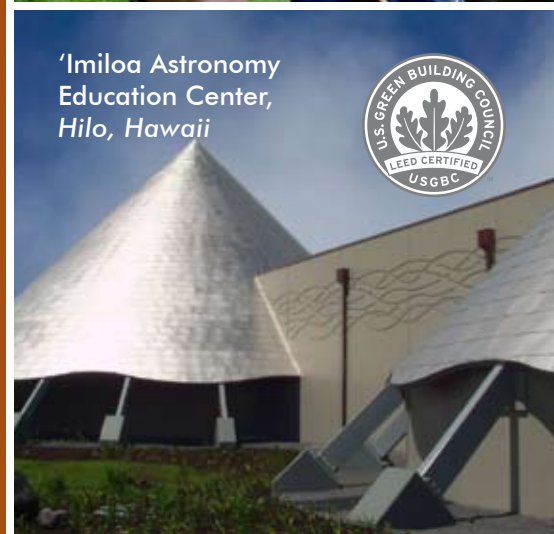

Environmentally-conscious designs are sustainable and cost effective. Our LEED Accredited Professionals listen and provide options so you can make informed decisions.

Durrant can help you save energy dollars through strategic daylighting and natural heating and cooling systems. We fuse building design and natural resources to solve problems and provide hands-on study sessions.

As your long-term design partner, we can manage costs and keep your facility running smoothly.

'Imiloa Astronomy  
Education Center,  
Hilo, Hawaii

# MAKING YOUR GRADE

A deliberate campus layout can increase safety and promote social opportunities. Durrant understands the complexity of a campus landscape.

Whatever your priorities, we've got you covered. We can master plan a campus expansion or engineer a recreation center that earns an "A" from students, parents, faculty, and staff.

Iowa State University  
Buchanan Hall Addition, Ames, Iowa

## Higher Education Expertise:

- Campus Planning
- Classrooms & Laboratories
- Performing Arts Centers
- Student Housing Facilities
- Commercial & Mixed-use
- Libraries
- Recreation Centers

St. Cloud State University  
St. Cloud, Minnesota

# BUILDING BLOCKS OF SUCCESS

To us, success means more than delivering projects on time and on budget. Durrant's educational planning and design specialists collaborate to save you time and money.

Durrant's financing experts can help you move forward today. We work to unlock much-needed funds, whether you are renovating, adding on, or building new.

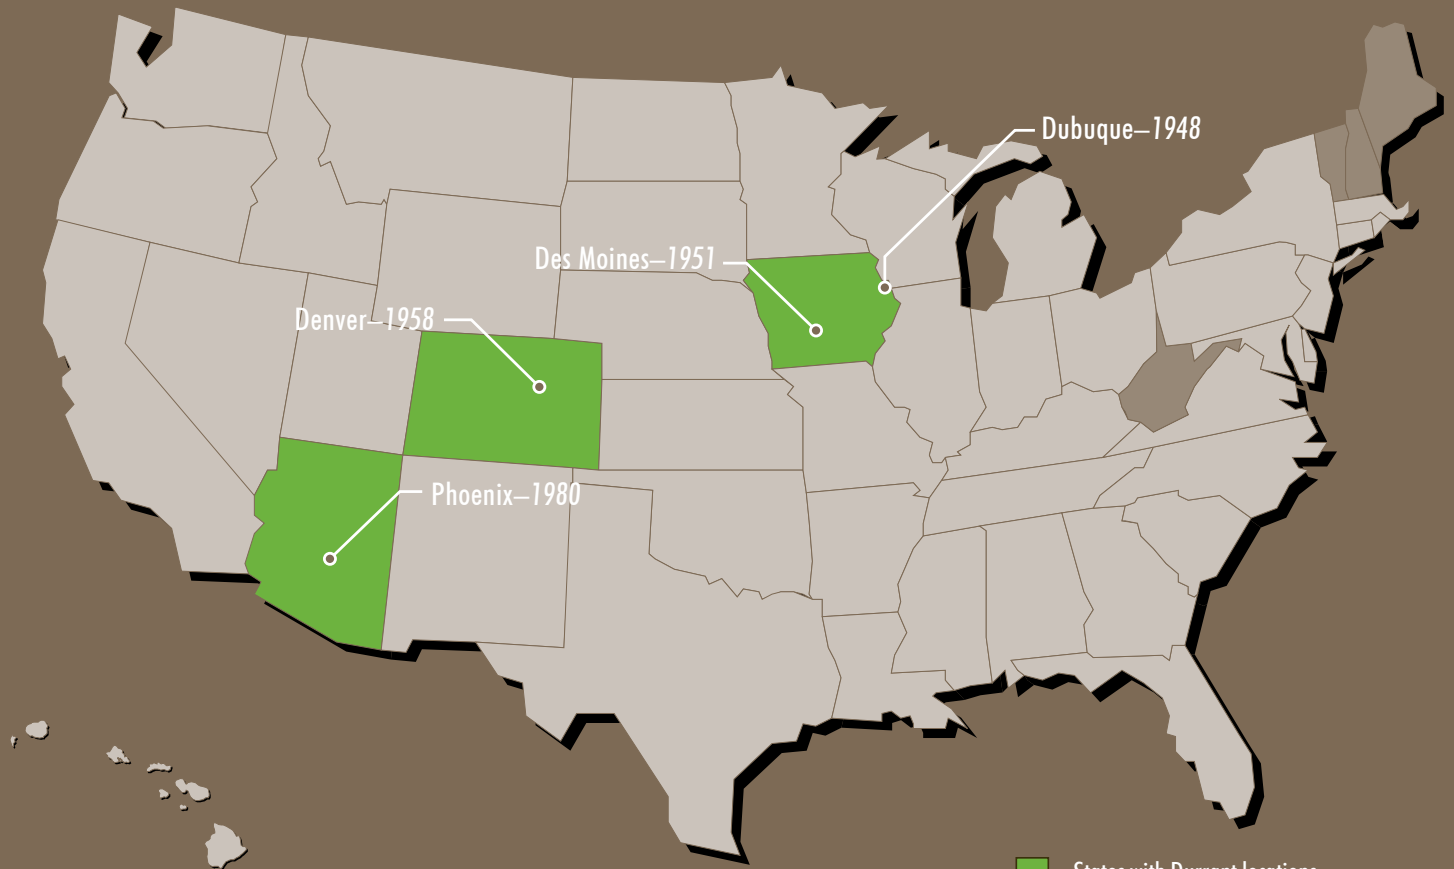

Blackhawk Technical College  
Janesville, Wisconsin

Northwestern College Library & Learning Commons, Orange City, Iowa

Our commitment to education is about more than design excellence. Every year, the Durrant Foundation contributes scholarships, endowments, and internships to students in our industry.
